9:10-9:50 AM	Communicable disease priorities and indicators <ul style="list-style-type: none">• Discuss feedback provided by LPHAs on communicable disease priority areas• Discuss recommendations for vaccine preventable diseases• Discuss recommendations for seasonal and emerging respiratory pathogens• Discuss moving toward a syndemic approach to communicable disease accountability metrics	All

-
-
- **Decision:** Is the subcommittee prepared to recommend communicable disease priorities and indicators to PHAB in May? If not, what additional information would the subcommittee like to discuss?
-
-

9:50-9:55 AM **Subcommittee business**

- The next meeting is scheduled for 5/9 at 9:00-10:00

All

9:55-10:00 AM **Public comment**

10:00 AM **Adjourn**

All

Everyone has a right to know about and use Oregon Health Authority (OHA) programs and services. OHA provides free help. Some examples of the free help OHA can provide are:

- Sign language and spoken language interpreters.
- Written materials in other languages.
- Braille.
- Large print.
- Audio and other formats.

If you need help or have questions, please contact Sara Beaudrault: at 971-645-5766, 711 TTY, or publichealth.policy@dhsoha.state.or.us, at least 48 hours before the meeting.

April 11 Subcommittee discussion and recommendations

Based on:

- Input provided by state and local communicable disease staff through the CLHO communicable disease accountability metrics workgroup
- Input provided by LPHA officials through consultation, and
- PHAB Accountability Metrics subcommittee discussions and data reviews

The PHAB Accountability Metrics subcommittee

1. Recommends that PHAB adopt sexually transmitted infections and three related indicators for syphilis for public health accountability metrics.
2. Will continue to discuss vaccine preventable diseases and seasonal and emerging respiratory pathogens as possible areas for accountability metrics.
 - The CLHO CD accountability metrics workgroup recommends vaccine preventable diseases and would like the PHAB subcommittee to discuss options for maintaining focusing on seasonal and emerging respiratory pathogens, even if not an accountability metric.
3. Will not continue to discuss Hepatitis C, foodborne diseases, HIV or Tuberculosis at this time.
